

We now are in the final organisation of the contest.

We sent all participants, by mail, the recommendations for its smooth running.

You will find at "program exposition 2019 " all the information that may interest you (conference, visit, dinner and suppliers fair).

These additional events are not exclusively reserved for the participants, but are offered to all visitors.

Beware of the dates, the exhibition will last only 3 days, organize your stay now. Do not hesitate to contact us if you encounter problems, we will do our best to help you.

See you soon at St Rémy.
